April 2018 ST. AMBROSE

Little Knights

Dear Parents,

I hope that you had a restful and enjoyable Easter. We will take the time to share our Easter stories in large group this week.

The month of March was very busy. We celebrated Dr. Seuss's birthday, determining (after taking a vote) our class's favorite book was Green Eggs and Ham.

We celebrated the feast day of St. Patrick, learning a song called, "St. Patrick Saves the Day", and making our very own leprechaun traps, only to be outsmarted by our leprechaun. We also learned about the Trinity, making a three part project of interlocking pieces to show Three Gods in One. We had a visit from Mrs. Rowley and we sang a St. Patrick song for her.

This week we are on letter W, noticing all the w words in our everyday use. We continue working through our Handwriting without Tears every week. Water is a theme we will explore in science and math, measuring, learning what sinks and floats, as well as play with sea creatures.

In April our weather has been fluctuating, but overall, we have not had very many indoor recess days this year and for that we are grateful. We will be looking for signs of spring while we are outside and it will be a theme woven throughout the curriculum this month.

Throughout the month we will be preparing for our Mothers' Tea. The children look forward to performing their songs for you in early May.

We will also be planting seeds and watching our plants grow.

This week, we will welcome the Design For Excellence team who will share time with us in our daily routine. We look forward to showing them what a wonderful group of individuals we have in our Preschool and in our entire school. We are blessed to have a very caring and spirit driven faculty, and parents who are supportive of our mission and their children's spiritual growth.

Thank you for your continued support.

Sincerely,

Laura Murphy
