

Saint Ambrose Preschool Virtual Learning

It is our hope to offer in class learning throughout the school year, however due to the transmissible nature of the novel coronavirus, there may be times where transitioning to virtual learning is mandated by local or state health agencies. During these times Saint Ambrose Preschool will continue to provide developmentally appropriate learning opportunities for our students to participate in at home, however parental supervision and guidance will be needed.

Should we need to transition to virtual learning, a virtual learning bag with materials to be used with learning activities will be provided. Parents will be able to pick up the materials at a designated time and place at Saint Ambrose School. Parents are responsible for having the following supplies at home: crayons, markers, large glue sticks, scissors, construction paper, water color paint as well as Crayola non- toxic washable paints. *We will provide you a recipe for making playdough. The playdough will last for 3 months if stored properly in an airtight container.*

Please refer to the appropriate virtual learning plan for your child's class. We will provide instruction via zoom sessions. We do recognize that some families have children in both our Little Lambs Class and our Little Knights Class. We tried to the best of our ability to not have the two class sessions occur at the same times for e- Learning so you can assist your child as needed.

Preschool Virtual Learning Expectations: Zoom Meetings

The expectations listed below will help foster a positive virtual learning environment

The teacher will:

1. Send meeting links and passwords as necessary.
2. Send out agendas for the session.
3. Provide a schedule.

The parent(s)/caregiver will:

1. Be in proximity in case assistance is needed.
2. Provide a quiet learning environment as best as can with no background noise or eating.
3. Have their child dressed in school uniform.

The student will:

1. Enjoy seeing their classmates and teachers.
2. Actively participate in activities to the best of their ability.
3. Have fun learning!
